On November 23, 2015, Appellants filed a notice of appeal from an order the United States
Bankruptcy Court for the Northern District of California. ECF 1. The appeal was docketed in this
Court under case number 15-05518. On December 8, 2015, Appellees filed an opposition to
motion to stay pending appeal that appears to respond to a motion to stay filed by Appellants.
ECF 6, 7. However, the Court's docket does not indicate a motion to stay has been filed by
Appellants. *See* Docket, Case No. 15-05518.

Upon investigation by the Court, it appears Appellants incorrectly filed a motion to stay
under a new case number. *See* Docket, Case No. 15-05476. The Court cannot consider a motion
to stay filed under a different case number. Accordingly, if Appellants want the Court to consider
their motion to stay, Appellants must correctly file their motion to stay **on or before** December
15, 2015.
